Prof. T. Demappa
BOS Chairman

Dr. M.A. Harishnayaka, Associate Professor of Sugar Technology has filled all the criteria for the recognition as a centre in polymer science but according to UGC guidelines 4-1 d, he has not published any research papers on polymer science related. Hence I regret to see the members of BOS committee of polymer science has not approved. Hence I regret to recommend to Dr. M.A. Harishnayaka to recognize as a guide in polymer science right now. He may published minimum three papers in polymer science and get recognition ~~soon~~ with fresh application.
