On 7 th June 2022, Department of studies in Geography, Manasagangaotthri, University of Mysore organized a program to celebrate World Environment Day. Shri. P.Shridhar, IFS officer, Deputy Conservator of Forest, Social Forestry Division, Forest Department Government of Karnataka, Mysuru was the chief guest of the program. Prof. Shivappa, Registrar, University of Mysore has inaugurated the program. The chairperson, teaching and non-teaching faculty, Research scholars and students of Geography and Centre for Geo-Informatics Technology have attended the program. Chief guest and registrar planted a plant in front of the Department.

The main aim behind organizing this program was to give awareness to students about keeping the environment clean and safe from pollution. Registrar addressed the gathering and pointed the importance of environment. The chief guest pointed that, protection and conservation of forests and wildlife are essential to maintain the

earth's health and environment and also he pointed out the earth is the only known living planet and it is because of its special environment and ecology which are life-supporting. Forests are part and parcel of our environment. They are one of the most valuable resources and gifts of nature.
