Annexure 01

Dated...10/02/2023...

Under PG Program

Biochemistry PG syllabus was modified last year (2022). Therefore, no major changes are recommended except for a minor change in the credit pattern as explained below.

Modification 1.

IV Semester PG Credit Pattern in Biochemistry

Existing credit pattern							
Sl. No.	Code	Title of the course	Course Type	Credit pattern			Total Credits
				L	T	P	
1.		Project Work	SC	0	0	6	6

Modified credit pattern							
Sl. No.	Code	Title of the course	Course Type	Credit pattern			Total Credits
				L	T	P	
1.		Project Work	SC	0	0	4	4

Modification 2

Existing: A candidate can enroll for a minimum of 18 credits course per semester and maximum of 24 credits course per semester inclusive of open elective earned from other departments/SWAYAM/MOOC as per UGC regulations.

Modified as: A candidate can enroll for a maximum of 24 credits per semester inclusive of open elective earned from other departments/SWAYAM/MOOC as per UGC regulations.

Under UG Program

1. As per the agenda, higher education council is yet to send the III and IV year syllabus for Biochemistry. Hence no recommendations were suggested at this time by the Board members.
2. As per NEP syllabus, new experiments are suggested for UG program in Biochemistry. This requires new chemicals and new instruments. Therefore, BOS committee recommended to provide financial support.
3. Open elective courses in Biochemistry recommended by the NEP council are more suitable to Biochemistry students rather than to students from other discipline (Arts & Commerce).
4. It is ideal to teach "Biomolecules paper (VI sem) prior to teaching "Biochemical techniques paper" (IV sem).
5. A separate revised list of examiners was made for both PG & UG program and approved by the Board members.
