

Proceedings of the Board of Studies in Genetics and Genomics sent through email on 10.11.2023 related to minor changes in the syllabus of M.Sc Genetics, Department of Studies in Genetics and Genomics, University of Mysore, Manasagangotri, Mysuru-6.

Email sent to Members:

1. Prof. S.S.Malini (Chairperson)
2. Prof. K. Gopal Marate
3. Prof. H.S. Aparna
4. Prof. Ramachandra Kini
5. Prof. Rajkumar H Garampalli
6. Dr. C Amruthavalli
7. Prof. Shubha Gopal
8. Prof. B.P. Harini (External)
9. Prof. Vedamurthy (External)

Agenda:

In the first semester of M.Sc Genetics course under FCBCS regulation Scientific Presentation Skills (1.4) (HC) with pattern 0:0:1 and in the second semester Scientific Writing Skills (2.4) (HC) with pattern 0:0:1 in practical module is modified and merged as single paper (4.8) and shifted to 4th semester. This minor modification is necessary in order to balance the semester credits.

Minor modification in the credit pattern has been done to maintain uniformity of 18 credits per semester and total of 72 credits for the entire course. This will be effect from the academic year 2023-24.

Following are the details.

Sl No	Existing	Proposed	Reason
1.	1.4 Scientific presentation skill First Semester	Shifting to fourth semester	To balance 18 credits per semester
2.	2.4 scientific writing skill Second Semester	Shifting to fourth semester merged as one paper with 1.4	To balance 18 credits per semester
3.	Cell biology credits 3 First Semester 3.0.0	Cell biology 2 Credits 2.0.0	To balance 18 credits per semester
4.	Major project 7 credits Fourth Semester 0.2.5	Major project 8 credits 0.2.6	To balance 18 credits per semester
