

Special Lecture Report

Topic: Regional Growth Theories

Presented by: Prof. B.N.Shivalingappa

Date: 29/12/2023

Time: 12.30 PM

The Department of Geography organized a special lecture on Regional Growth Theories, featuring the insightful presentation by Prof. B.N. Shivalingappa, Visiting Professor, Dr.Zakir Hussain Chair, Bangalore on 29 december, 2023. Ms. Salia extended a warm welcome to all the delegates attending the program. Prof. Arun Das.S, Prof. Chandrashekara.B, Dr. Sowmyashree K.L, and Dr.Vishwanath.S graced the event with their presence.

Prof. Arun Das, the distinguished chairman of the Department of Studies in Geography, took the stage to introduce the esteemed speaker to the attentive audience of students. Dr. Shivalingappa delved into a comprehensive explanation of various theories of regional growth, elucidating the perspectives put forth by different economists and geographers. The discourse reached a pinnacle when Dr. Vishwanath.S posed probing questions about the critical importance of brain drain and brain gain in the context of regional growth, sparking a lively and engaging discussion among all participants.

As the event drew to a close, Prof. Chandrashekara.B took the opportunity to express heartfelt gratitude in the vote of thanks. He eloquently highlighted not only the accomplishments of Dr.B.N.Shivalingappa but also acknowledged his exemplary skills. The occasion proved to be a significant gathering, fostering intellectual exchange and contributing to the academic enrichment of all involved.
